MEMORANDUM FOR : D/OTR

THROUGH : DC/FI Staff

SUBJECT : ACSI Request for TSS Training -  
45th Military Intelligence Company

REFERENCE : ACSI Memo dated 21 April 1959, attached

1. We regret our inability to provide secret writing training for three members of the 45th MI Co. and the delay in furnishing you information upon which to base a reply. Through oversight, we thought the matter closed in May.

4. The 45th is one of a number of military intelligence companies assigned Army commands in the ZI and abroad. There are also similar Air Force squadrons and groups. Since our practice is to deal fairly with the Services, we feel that training the 45th would require us to honor similar requests from the others. This would cast us in a training role far beyond our capabilities.

5. We recommend no deviation from the training pattern described in Par. 2 above.
